

WEST SIDE PROTEST

Do Not Want Streets Filled With Tracks.

PROPERTY OWNERS MEET

THINK RAILROADS SHOULD PAY FOR PROPERTY.

Committee Appointed to Ask the Council to Defer Action on the Petitions—Think the Tracks Will Damage Property Along the Street—Favor Union Depot.

West side property owners authorized in force at the Westminster Presbyterian church on Fourth West street last night, to protest against the granting of track franchises along Fourth West on the conditions stipulated in the petition presented to the city council by the Short Line and Rio Grande West.

City Councilman Hugh Watson acted as spokesman for the property owners at the meeting. He stated that the street which the railroad corporations seek to occupy, and made a vigorous denunciation of the petition for the right of way without compensation from the parties instrumental in causing it. He said that the property owners are determined to possess real estate contiguous to the proposed site of the new depot will, no doubt, profit by it, but that the property owners of the rest of the property-owners on Fourth West street between Fifth North and Eighth South, who are not to be benefited by the new depot, are not to be benefited by the new depot.

FENCES OFF THE LINE

Old Cases of Overlapping Fences on J Street Tried Yesterday.

The three old cases of Salt Lake City against Helen Thirkill, John Dorn and F. M. Taylor, relating to the encroachments of defendants' fences upon the western portion of the city, were tried yesterday in the supreme court. Helen Thirkill, John Dorn and F. M. HEARD AND SEEN IN TIMMONY'S COURT

J. P. McKay, the man who tried to confiscate Cedarstrom's collection of Pelican Point oysters last Saturday, was the first victim before Judge Timmony yesterday. He confessed having revealed in a political jargon.

WESTERN KEEPS MOVING.

Operations in the Vicinity of Marysville. (Special Correspondence.) Richfield, Oct. 29.—The announcement that the Rio Grande Western is to build at once to Marysville has aroused considerable speculation as to what this sudden move means. Marysville, while at first promisingly a mining camp, has not been developed sufficiently to warrant a railroad company building a branch or spur into this camp for its business alone.

EXPERTS COMPLETE WORK

System of Irrigation and Drainage Proposed by the Soil Experts—Will Send Their Report to Congress, and an Appropriation May Be Made to Carry Out the Work.

Soil Expert F. D. Gardner of the United States geological survey, who has been making extensive and exhaustive surveys of the waste lands west of the city, completed his task yesterday and will leave for Washington at once to finish the laboratory part of the work. Mr. Gardner has been in this neighborhood since the late of last July prosecuting the field experiments and by them ascertaining the results to be submitted to the department of agriculture at the same time presented to the congress at its next session, with the hope that it will take such action as will ultimately terminate in the reclaiming of the entire region for agricultural purposes.

Classes of Soil.

The texture of the soil that is capable of being reclaimed is divided into two classes, the surface being either a sandy loam or a medium loam, about equally divided. In a general way the sandy loam is preferable because the salts are more easily washed out, and the nature of the soil is such that it acts as a natural drain. The predominant salt is sodium chloride, or the common salt of commerce. It presents a very complex nature as regards quantity, varying from saturation at the lake to traces on the high lands. Sodium carbonates and borates occur, but not regularly distributed; in some places there are large deposits, and in others they are only in small quantities.

NEWS FROM OVER THE STATE.

SPRINGVILLE MATTERS.

Death of Mrs. Elizabeth Brammell—Profitable Contradicting.

Springville, Oct. 30.—Mrs. Elizabeth Brammell died this morning at 8 o'clock, after an illness of a week. Pneumonia was the cause of death. The funeral will be held at the Latter-day Saints meeting house Wednesday evening next. Deceased was born at Childester, England, on the 9th of May, 1828. Her maiden name was Elizabeth Wiscombe. She became the plural wife of William Brammell, and leaves two children, both married. Her husband died last year. The funeral of Mrs. Brammell, who died Saturday night from the effects of typhoid fever, was held today. One of the Springville railroad contractors, C. C. Richards, is in the city on legal business. He is in the city on legal business.

WOMAN BADLY BURNED.

Mrs. Joseph Jolly of Payson Has Serious Misadventure.

Payson, Oct. 30.—Mrs. Joseph Jolly was severely burned yesterday afternoon while camping near Castalia Springs. She was preparing a meal by a camp fire when her clothing caught and she was soon enveloped in flames. No one being near she was obliged to jump into the flames and escape to the river and jumped into the water. Her husband was brought home and physicians called. Her injuries prove to be more serious than originally supposed. She was badly burned on her side, back and limbs. She has a large family. They were returning from Ashley, having been to visit her relatives there.

PROVO PARAGRAPHS.

Provo, Oct. 30.—Miss Lorena Dusenberry, daughter of W. H. Dusenberry, is home from Eureka, suffering with typhoid fever. James Hutchinson, the stalwart Democratic worker of Spanish Fork, is in the city on legal business. He is in the city on legal business.

Young Man's Terrible Injury.

Provo, Oct. 30.—John Backman was the victim of a fearful accident late yesterday afternoon. He was riding on a horse and attempting to catch another. While passing a telephone pole he was struck on the head by it. He fell unconscious to the ground. An examination by a physician disclosed that the skull had been fractured and that he was otherwise badly injured. This morning the attending physician is of the opinion the young man will get through all right.

An Unlucky Child.

Provo, Oct. 30.—The 3-year-old son of John Averett stuck a knife blade into his eye, destroying the sight, it is believed. The little fellow has been out of luck. He was injured by a saw log.
